

ZODIAC

ZODIAC, MASTERING THE ELEMENTS.

Renowned worldwide for the quality and reliability of its products in the aeronautical and marine sectors, Zodiac has now brought its expertise to swimming pools, to bring you a full range of pools, automatic pool cleaners, water treatment systems, heating systems and dehumidification units for swimming pools.

Backed by Baracuda technology, expertise and experience, Zodiac brings you the reassurance of top quality equipment in terms of both design and performance.

A real guarantee of efficiency and peace of mind!

cybernaut NT™ Electric robot cleaner

Intelligent customised cleaning

Zodiac Pool Care Europe - S.A.S.U., capital 400 000 € - Nanterre Companies Register No.395 068 679 - Photo credits: Zodiac - Réf. WLO0154 - Issue 04/09 - DEG Studios 6325e

cybernaut NT™

Intelligent customised cleaning

cybernaut NT™ represents a breakthrough in the robotic world: its revolutionary technology provides customised cleaning in any pool. The result: a perfectly clean pool.

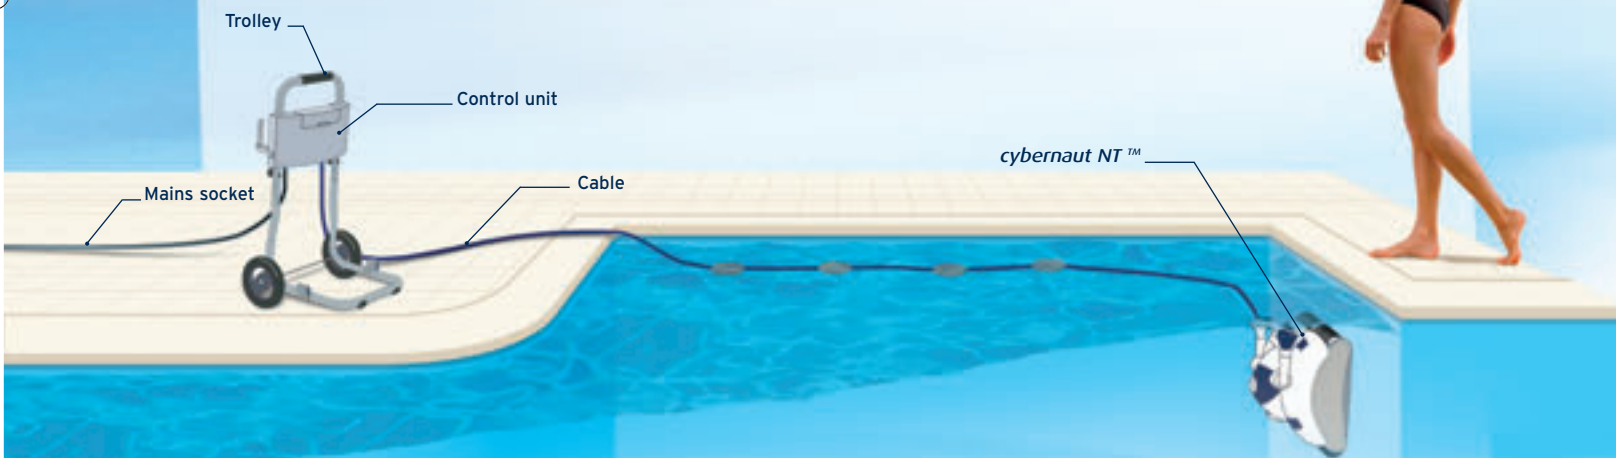

THE SECRET: ITS ELECTRONIC INTELLIGENCE

Zodiac's research centre has developed an exclusive microprocessor: according to the size and shape of your pool, this accurately controls the movements of the *cybernaut NT™* and automatically calculates the cleaning time required.

EASY TO USE

You need only program it once: it stores in its memory all the characteristics of your pool. **You immerse it in the water and it does the rest: the assurance of a problem-free, perfectly clean pool.**

Designed for maximum safety and comfort, *cybernaut NT™* is a lower voltage electric robot compliant with the strictest electrical safety standards.

It cleans in-ground pools:
up to a max of 15x7 m with a 17,5 m cable and 20x10 m with a 25 m cable.

For all pool shapes:

For all types of pool floors:

For all types of pool surfaces:
tiled, liner, polyester skins, reinforced PVC, painted concrete.

PERFORMANCE

- **Computerised movements** for accurate cleaning in optimum time.
- **High suction power** to remove all types of debris.
- 3 high-performance motors for **efficient and very short cleaning cycles.**

Unbeatable suction power.

REMOTE CONTROL

- **Automatic or remote control mode** for cleaning particular areas of the pool.
- Choice of surfaces to be cleaned: "**bottom only**" or "**bottom and sides**" option.
- Digital display screen with countdown of the remaining cleaning time.

Integrated control unit.

EFFICIENCY

- Brushes optimised for deep cleaning of pool bottom, sides, submerged deck and waterline.
- Large 20-micron filter bag, **retains the tiniest pieces of debris.**
- Large cleaning width (43 cm) retrieves the greatest possible amount of debris in a single sweep.

Pool cleaning perfection.

TRIED AND PROVEN

- Patented gear transmission system, the **Is-Track System®**: **greater reliability, more accuracy.**
- Electronic motor protection in case of stoppage or operation out of the water.
- "Deck" system: if the robot emerges onto the deck, it automatically returns to the water.
- Supplied with a robust aluminium trolley for transport and storage.

Is-Track System® gear transmission.

Technical Characteristics:

Filtering area: **3400 cm²**
 Filtering Capacity: **20 microns**
 Nominal cleaning width: **43 cm**
 Nominal cleaning area: **260 m²/h**
 Pump output: **20 m³/h**
 Control unit supply voltage: **230 V 50 Hz**
 Robot supply voltage: **30 VDC**
 Power consumption: **120 W**
 Robot dimensions (LxDxh): **46x40x28 cm**
 Package dimensions (LxDxh): **58x58x59 cm**
 Robot weight: **9,1 kg**
 Weight packed: **21 kg**

Certified by the TÜV Rheinland Group

cybernaut NT™ is supplied complete with a transport trolley, integrated control unit and cable.

ZODIAC QUALITY ASSURANCE

cybernaut NT™ is made in France by Zodiac, the world leader in automatic pool cleaners. For you, the consumer, the assurance of investing in an appliance that has been designed, manufactured and quality controlled to the highest possible standards.
